

PRODESIGN

SUSTAINABILITY & MEP ENGINEERS

Your first choice engineering partner

Join us as a BIM COORDINATOR

Are you passionate about revolutionizing the construction industry through cutting-edge Building Information Modeling (BIM)? Join our team at Prodesign and play a pivotal role in shaping the future of project coordination and design efficiency.

ROLE

You will play a critical role in advancing our projects through the effective implementation of Building Information Modeling (BIM).

PROFILE

- 2-year Diploma or equivalent certificate in REVIT and BIM modelling software OR Degree in Engineering field
- Proficient in BIM tools and software (e.g., Revit, Navisworks, AutoCAD).
- Strong understanding of BIM standards and protocols.
- Excellent coordination, communication, and problem-solving skills.
- Previous experience in MEP BIM modelling and coordination is a plus.

DUTIES

- BIM Modelling and Drafting:
 - Develop detailed BIM models for MEP systems
 - Assist in creating and modifying 3D models and detailed drawings
- Standards Compliance:
 - Ensure adherence to established BIM standards, procedures, and protocols in all modelling work.
 - Assist in the development and upkeep of company BIM standards and protocols.
- BIM Family Creation:
 - Oversee and manage the development of BIM libraries, creating custom BIM families as per project and company standards.

DUTIES

- Coordination and Collaboration:
 - Serve as a vital link between various design teams, consultants, and stakeholders for all BIM-related matters.
 - Coordinate and oversee seamless integration of all project data into the BIM model, resolving conflicts when needed.
- Quality Control:
 - Conduct routine quality checks on BIM models to ensure compliance with design, accuracy, and applicable standards.
 - Supervise and guide BIM Modellers in implementing project revisions and adjustments accurately in the BIM model.
- Training and Professional Development:
 - Provide BIM-related training and mentorship to BIM Modellers and other team members.
- Project Management:
 - Assist in managing and executing BIM project data sets/workflows and project set-up.

Interested candidates are requested to send their CV and **copies of all certificates** on admin@prodesign.mu by latest **15 October 2023**.

Candidates are requested to highlight their experience in relation to the duties to be performed in our company.

- The company reserves the right to call only the best qualified candidates for the selection exercises.
- The company also reserves the right not to proceed with the vacancies.
