

PRODESIGN

INNOVATION

Prodesign is looking for a Mechanical Maintenance Technician to work in our electrical vehicle workshop to carry out assembling of new electric bikes. If you have a passion for bicycles/scooters, possess strong technical skills, and enjoy providing excellent customer service, then this is the opportunity for you.

MECHANICAL MAINTENANCE TECHNICIAN

Profile

- Technical certification or diploma in mechanical maintenance, automotive technology, or a related field (preferred).
- Previous experience as a Bike Mechanic or in a similar role is preferred
- Technical skills in bicycle mechanics, welding and electrical systems
- Holder of a valid driving license
- Attention to detail and a meticulous approach to work
- Good verbal and written communication skills
- Ability to work under pressure
- Customer-focused mindset

Duties and Responsibilities

- Assembling new electric bicycles using specific tools and equipment.
- Conducting accurate fault finding with minimum supervision.
- Examining various systems of all types of bicycles to diagnose problems.
- Explaining and interpreting technical specifications of bicycles, electric bicycles, parts, and components to customers.
- Monitoring inventory of spare parts, supplies, and components.

Mode of Application

A letter of application together with a detailed *Curriculum Vitae* and photocopies of qualifications, testimonials and equivalent qualifications (where applicable) should reach **Mr Vikram Bhujun, Director of Prodesign** by email admin@prodesign.mu, by **31 December 2024, at latest**.

Applications received after the closing date will not be considered.

Prodesign reserves the right:

- *to call for interview only the most appropriate and best qualified applicants*
- *not to make any appointment as a result of this advertisement*
